

Genie Gateway integrates telecommunications, eCommerce, cable TV, and high speed internet, into a one unified solution.

Genie Gateway, a publically owned company (U.S. OTC trading symbol: **GGWY**), ([www.GGWY.Info](http://www.GGWY.Info)), is a direct processor and a provider of alternative payment services; **we are seeking relationships in which we can provide ecommerce and other business services to the next generation of both high risk and low risk entrepreneurs, starting at Discount Fee as low as 1.95%, for some merchants.**

Genie Gateway holds the Key to Unlocking a Wide-Open Opportunity by using its patented technology to create a unique environment where customers can communicate and send and receive payments, globally, in real-time, through Telecommunications, eCommerce, Cable TV, and High Speed Internet, traditionally purchased from several vendors - into one seamless service.

Genie Gateway is an interactive multimedia communications hub, featuring a digital buffet of unified solutions; combining the benefits of having a website fully accessible from any internet enabled device, with voice, text, video, document messaging, virtual fax, group communications, including an online store, a shopping cart with a virtual point of sale, and a CashBox integrated with a GenieCard and GenieChecking accounts, plus the most robust Virtual Office, as one unified solution.

Buyers NO longer need to provide their credit card, or bank account information, to make a payment. Repeat customers ONLY need their cell number, and "Click to OK" their purchase on their cell phone.

## VPOS – Virtual Point of Sale

800-123-4567

One of the key elements of the Check22 is the **APG VPOS Icon**. This proprietary combination of graphic device and programming code is designed to provide a direct link from merchant invoices, statements of account, and other bill presentations (the customer's "Account Payable") and the Check22 VPOS system through which the customer will render payment. **VPOS enables merchants to get paid in 5 minutes, for all phone orders, for their goods and services, anytime 24x7x365.**

Participating merchants will use the Check22 VPOS system to create these icons and then attach them, through a simple cut and paste process to their electronically presented billings, including emails, word processing documents, spreadsheets and many other forms.

800-123-4567

**VPOS Icons are intended to create a one click solution for customers wishing to make a payment, and to eliminate the labor (and errors) of entering lots of information which we already have in our database.** VPOS Icons and their embedded programming will encapsulate the merchant's Genie Number, a reference number for the memo field, the verification option, and where to email their Check22.

Each merchant will be able to create a Check22 – APG VPOS Icon anytime, FREE of charge, by logging into their CashBox, and clicking on the Create –VPOS Icon option, in the Payments tab (please see below). The VPOS Icons will be dynamically created with the intent of processing a payment for a specific invoice, enabling the customer wishing to make a payment to access the merchant's VPOS with one click, **while skipping the requirements** of re-entering the invoice number (memo field on the Check22), or any of the merchant information.

The first time Customer will be required to enter their name, cell number, email address, and the amount they wish to pay, bank routing number, and DDA number, while returning customers will only be required to enter their cell or Genie Number, and the amount they wish to pay. (Detailed description of this process appears below.)

## GenieCard - <http://GenieCard.com/video>

The GenieCard is simply the fastest and safest way to make payments in store, online, via mobile devices, or by phone - WITHOUT sharing your financial or personal information.

The GenieCard combines the best of TWO worlds; the Genie Club, our closed loop member services, which utilizes the Genie CashBox; and Check22, the open loop service which lets members access their funds from any checking account, in any bank in the US.

The GenieCard makes it both easy AND safe for unbanked merchants and their customers to do business WITHOUT using cash and WITHOUT sharing private financial information.

Imagine a debit card, with complete privacy, convenience and security, designed specifically for unbanked merchants and their customers; a debit card which doesn't contain any of your personal information - not even your name - just your ten digit card number.

## GenieChecking - <http://GenieChecking.com/video>

7.7% of U.S. households are unbanked and 20% of U.S. households are under-banked (FDIC survey, October 2014). The new trend of **un-banked merchants** having to deal with cash is creating an environment rich with both opportunities and problems. **GenieChecking and merchant services are the alternative solution!**

GenieChecking - Easy to Qualify

1. **NO** Activation Fee
2. **NO** Monthly Fee
3. **NO** credit check
4. **NO** employment verification
5. **NO** credit card or bank account needed

Imagine having checkbook that ties straight into the internet, letting you literally e-mail a check to anyone – including yourself – with absolutely no risk of overdraft, forgery, or any of the other risks of an old-style checking account.

GenieChecks are fully negotiable checks, payable against the funds in your Genie CashBox. GenieChecks may be printed and deposited as an ordinary check, negotiated in person at a participating financial institution, sent as email attachments to third parties, printed and mailed to third parties by either by you or by the Genie platform, or printed and deposited electronically using any financial institutions “smart-phone” or other electronic deposit application.

With Genie Gateway your customers can:

1. Pay for your goods and services using their cell number or email address, and click to OK their purchase, on their cell phone, before any payment is sent.
2. Alternative Online Payments using [Bill Pay \(150 Top US Banks\)](#), [Cash, Checks, Online Banking, Genie Credits, GenieChecking, and Check22](#).
3. **Pay you with a check, in your store, by phone, online, even if you do not have a traditional checking account**
4. Load their CashBox 8 different ways, please see below.
5. Hear your recorded messages, updates and announcements anytime.
6. See your videos.
7. Read and print your brochures and documents online.
8. Send payments directly to your CashBox, in person, on the phone, or online from any internet enabled device.
9. Purchase your goods and services with a few clicks in your own online store, shopping cart, or by phone.
10. Create their personal GenieChecking account free of charge.
